General comments, details / dates of occupation changes, actions required etc.

Compliance inspection undertaken by Matthew Sleep (Environment Officer) and Jack Hale (Environment Management Team Leader) met with Morwenna Vinall, Natalie Dodd, Peter Sawford and Genna Bray (Health, Safety and Environment Department).

This licence was newly issued on the **12/12/2025.**

During the inspection, it was noted that the licence is currently in the process of being transferred to a new legal entity, pending confirmation. The land on which this abstraction operates is being redeveloped by **Eco-Bos Development Limited**.

The licence was found to be compliant with the conditions assessed on **22/01/2026**.

Action:

• Please confirm or update the Agency on the status of the pending licence transfer at the next liaison meeting.

End of Report

Form sent to: Natalie Dodd natalie.dodd@imerys.com	**Date: 28/01/2026**

1. Compliance classification scheme

The compliance assessment is based on the requirements of the licence granted under the Water Resources Act 1991. The licence provisions section details which conditions we have assessed.

This inspection form will detail where we believe any non-compliance with the licence has occurred and how the non-compliance has been categorised using our Compliance Classification Scheme (CCS).

There are 4 risk categories of non-compliance. They represent the severity of the reasonably foreseeable impact.

- CCS1. A major impact on human health, quality of life or the environment.
- CCS2. A significant impact on human health, quality of life or the environment.
- CCS3. A minor impact on human health, quality of life or the environment.
- CCS4. No impact on human health, quality of life or the environment.

2. Compliance notes for the licence holder

To ensure you correct actual or potential non-compliance we may:

- advise on corrective actions verbally or in writing
- require you to take specific actions in writing
- serve a notice

Any breach of a licence condition is an offence and we may take legal action against you.

- We will normally provide advice and guidance to assist you to come back into compliance, either after an offence is committed or where we consider that an offence is likely to be committed. This is without prejudice to any other enforcement response that we consider may be required.
- Enforcement action can include a formal caution, prosecution, civil sanction, and/or the service of a notice.
- A civil sanction Enforcement Undertaking (EU) offer may also be available to you as an alternative enforcement response for this/these offence(s).

See the Environment Agency enforcement and sanctions policy - GOV.UK and Water resources offences - GOV.UK for further information

This report does not relieve the licence holder of the responsibility to:

- ensure compliance with the conditions of the licence at all times and prevent harm to the environment
- ensure compliance with other legislative provisions which may apply.

3. General Information

a) Data protection notice

The information in this report will be processed by the Environment Agency to fulfil its regulatory and monitoring functions. Environment Agency may also use and/or disclose it in connection with:

- offering/providing you with its literature/services relating to environmental matters consulting with the public, public bodies and other organisations (e.g. Health and Safety Executive, local authorities) on environmental issues
- carrying out statistical analysis, research
- register information to enquirers
- carrying out statistical analysis, research and development on environmental issues
- providing public register information to enquirers
- investigating possible breaches of environmental law and taking any resulting action
- preventing breaches of environmental law
- assessing customer service satisfaction and improving its service
- Freedom of Information Act/Environmental Information Regulations request.

The Environment Agency may pass it on to its agents/representatives to do these things on its behalf. You should ensure that any persons named on this report are informed of the contents of this data protection notice.

b) Customer charter

What can I do if I disagree with this inspection report?

If a licence holder disagrees with the report, they should raise their concerns to the officer or team which issued the report. This must be done within 14 calendar days of receipt. If the response does not resolve the issue, a licence holder can request an appeal of the regulatory decision. This request must be made within 28 calendar days of receipt of the response. More details on our regulatory appeals process can be found at https://www.gov.uk/guidance/appeal-a-regulatory-decision-from-the-environment-agency.

If you are still dissatisfied, you can make a complaint to the Ombudsman. For advice on how to complain to the Parliamentary and Health Service Ombudsman, phone their helpline on 0345 015 4033.
